Abstract

This paper is a response to "The Customer Is Not Always Right" published in the November, 1994 issue of this Journal (Sorell, 1994). The authors argue that "The Customer Is Not Always Right" ignores significant contributions from the literature of business and economics. This comment refutes Sorell's arguments...

- Add the "DOI-number" directly after the link that leads to remote access control (which might vary depending on database):
