CURRENT RESEARCH

I investigate the interplay between organization, occupational roles and digital technology using sociological theories of ‘acceleration’ and through qualitative studies of ‘international clinical trial managers’ at the Danish pharmaceutical giant Lundbeck.

CURRENT POSITION AND WORKING EXPERIENCE

2017– **PhD Fellow.** Department of Organization, Copenhagen Business School (CBS).

2011–2017 **Executive consultant,** co-owner and board member at *Medico Holding*. 28 employees, yearly revenue 60 mill. DDK. 2950 Vedbæk.

EDUCATION

2009 **M.Sc. in Business Administration and Philosophy.** Copenhagen Business School. March 2009.

2005 **B.Sc. in Business Administration and Philosophy.** Copenhagen Business School. June 2005.

RESEARCH FOCUS

- **Organization studies** (especially issues related to temporality and technology in contemporary organizations)
- **Sociological theories of technology and time** (especially Hartmut Rosa and Judy Wajcman)
- **Qualitative methods** (especially in organization studies)

TEACHING AND RESEARCH DISSEMINATION

2020– Lecturer and examiner at the course ‘Digitalization and Organization’, B.Sc. in Business Administration and Psychology (‘HA. Psyk’), CBS.

2018– Lecturer and examiner at the course ‘Organizational analysis’, B.Sc. in Economics and Business Administration (‘HA. Almen’), CBS.

2017– Presentation of peer-reviewed conference papers at e.g. the *International Symposium on Process Organization Theory 2018*; *EGOS: European Group for Organization Studies 2019*, and the *Nordic Science and Technology Studies Conference 2021*.
