RESEARCH PROFILE

I study how organizations make sense of themselves and their surroundings through communicative practices. Theoretically, I draw on sociology, semiotics, history, organization, and the philosophy of language to understand current social ideals and phenomena and their organizational manifestations. Currently, my research focuses on issues such as voice, participation, polyphony, secrecy, transparency, and talk-action dynamics.

- Corporate communication (summer school, CBS)
- Strategi og Kommunikation (cand.merc-kom, CBS)
- Strategisk kommunikation (Executive MBA, SDU; MOL, SDU; MPG, CBS)

At Ph.D.-level, I have organized and taught several communication courses and seminars, often involving internationally renowned scholars. At CBS, I organize and co-teach an annual Ph.D.-course called “Perspectives on Communication, Organization, and Culture”.

Even though I mainly teach very large classes (around 120 BA students in the spring semester and 260 master students in the fall), I receive extraordinarily fine student evaluations, quantitatively as well as qualitatively. Over the years, my teaching performance has been evaluated at a consistently high level. On a scale from 1-5, my personal ratings always fall between 4.6 and 4.8.

In their written comments, students emphasize my ability to link complex theory with clear, practical examples as well as my personal engagement and ability to involve students in class discussions, in spite of the limitations that large lecture halls imply. Below, I have inserted a number of student comments – in Danish – from my largest class (260 students), the cand.merc. (kom)-course Strategi & Kommunikation:

- “Klart den bedste underviser jeg har haft på CBS. Han formår at engagere os studerende og undervisningen har været meget levende.”
- “Jeg oplever Lars Thøger som værende den bedste underviser på CBS til dags dato. Faglighedens relevans, læringsmetoden i hans undervisningsform, samt hans evne til at stille sig kritisk over for alle teorier vi gennemgår, er uover al forventning!”
- “Undervisningen har gjort mig personligt interesseret i området, og for første gang i løbet af min uddannelse oplever jeg, at jeg glæder mig til at skrive eksamen ud fra en dyb, personlig interesse for det teoretiske felt og teoretiske/praktiske problemstillinger ift. strategi, organisation og kommunikation. Dette ser jeg som værende takket være god undervisning.”

- “Lars fik skabt et åbent forum til forelæsningerne, hvor det blev naturligt at byde ind med refleksioner/kommentarer på det emne vi fik belyst.”
- “Kære Lars, Du er konge! Tak for et fint semester.”
- “Den bedste forelæser jeg nogensinde har haft. Super god til at gøre tingene spændende og let forståelige.”
- “Jeg vil gerne fortælle Lars, at han er en underviser i topklasse. Han er en god taler, som er fængende at lytte til og ligeledes god til at lære fra sig. Han har derfor gjort hver en forelæsning i faget relevant og spændende at komme til!”
- “4 bedste aspekter, vælg én: 1: Lars. 2: Thøger. 3: Christensen. 4: Alle ovenstående”
- “Virkeligt spændende forelæsninger, hvor pensum problematiseres, og hvor Lars som underviser i den grad lykkedes med at gøre kursets indhold relevant og spændende for os studerende. Samtidig var han god til at give kommentarer fra os studerende og åbne mulighed for gode, faglige diskussioner af nærmest alle dele af pensum i undervisningen.”
- “Lars er utrolig nærværende og engageret i sine forelæsninger. Jeg synes det var en fornøjelse at høre en professor med stor passion inden for kommunikation. Tak.”
