CURRENT RESEARCH

PhD Fellow at the Department of International Economics, Government and Business at Copenhagen Business School and member of the HUMAC research team, my current research project focuses on the migration crisis in the Central Mediterranean Sea. More precisely, it examines how actors from public, private and third sector orchestrate collaboration in a context of crisis and create strategies for effective, ethical and sustainable humanitarian action.

EDUCATION

WORK EXPERIENCE

Individual Giving Intern

UNHCR, the UN Refugee Agency
February 2020 - October 2020

- » Provided operational support to fundraising programs (donor retention and acquisition) of the Private Sector Partnership department
- » Supported the launch of the Bright Spark Challenge (68 innovative ideas submitted by UNHCR colleagues) and Global Fundraising Open Innovation Challenge in collaboration with thirteen INGOs (207 submissions, 330 ideators)
- » Produced and hosted an internal podcast to foster an internal culture of innovation
- » Event Planning: organized virtual events and meetings.

Project Coordinator

Copenhagen School of Entrepreneurship
July 2019 - February 2020

- » Built partnerships with world's best-ranking business schools to offer student entrepreneurs the opportunity to explore new markets while studying abroad.
- » Creation of didactic material for an online accelerator project targeting early-staged startups with international ambitions.

Innovation Consultant

Oxfam IBIS
July 2019 - February 2020

- » Conducted field research in Sierra Leone to evaluate the feasibility of a blockchain system for the traceability of artisanal diamonds
- » Organized internal workshop on digital innovation in the development sector
- » Designed a case study for the CBS PRME Hackathon "Responsible Management and Blockchain" and supported the teams during the challenge.
