**ACADEMIC HISTORY**

Sofia started as a PhD-student at Lund University 2008. During the first two years she was involved in a Nordic research project, CREDIT. In the autumn of 2010, Sofia received grants to conduct a study concerning internal

knowledge sharing in real estate organizations. In January 2011, Sofia received grants to support a study visit in Australia, based at Queensland University of Technology where she was a visiting researcher. During 2011, Sofia also visited and participated in courses, workshops and seminars at SKEMA Business School, Lille, France.

On 15 June 2012, Sofia successfully defended her doctoral thesis titled "Knowledge processes and capabilities in project-based organizations". 2013 Sofia got a post-doctoral research position at Université du Québec à Montréal, Canada and is additionally involved in a PMI sponsored research project titled: Organizational Enablers for Project Governance. Sofia's main interests are project competence, knowledge governance and project governance. Sofia has been a lecturer at Lund University (2008-2012) and Umeå School of Business (2011-April 2013). Starting 1<sup>st</sup> of August Sofia will be an Assistant Professor in Project Organization and Management at the Department of Organization, Copenhagen Business School.
