COPENHAGEN BUSINESS SCHOOL

CBS EXCHANGE PROGRAM

WONDERFUL COPENHAGEN

Copenhagen – the capital of Denmark – is known for its charm and aesthetic combination of historic and modern architecture. Copenhagen is trendsetting and truly a cosmopolitan, safe and approachable city.

COPENHAGEN BUSINESS SCHOOL

Copenhagen Business School (CBS) is internationally accredited and a leading European business school. CBS is large by international standards and covers a much broader range of subjects than is conventionally found in a business school. We constantly strive to take full advantage of this diversity by combining academic excellence with cross-disciplinarity in teaching and research.

OUR CAMPUS

CBS' Campus covers six modern buildings, all located close to the Copenhagen city center. The campus is serviced by four metro stops and within easy biking distance. CBS has more than 80 student organizations, making it easy to engage in activities outside your studies.

COURSES AND CREDITS

CBS offers a wide variety of courses in English both within the traditional business disciplines such as Marketing, Management, Finance, Economics and Accounting, but also within the areas of Innovation and Entrepreneurship, Sustainability, Design, Information Systems, Communication, Psychology, Corporate

Social Responsibility and Politics. Most courses are worth 7.5 ECTS, and a full semester workload is 30 ECTS.

SEMESTER STRUCTURE

Fall semesters:
mid-August to late December;
Spring semesters:
mid-January to mid-June.

INTRODUCTION WEEK PROGRAM

To introduce you properly to Copenhagen, CBS and the Danish study culture, we arrange a mandatory introduction week and we also arrange many different social events before classes begin to give you the chance to meet other students. You will be part of a large group of exchange students, since we receive 500-800 exchange students per semester.

BUDDY PROGRAM

CBS offers each incoming exchange student help on arrival in the form of a CBS student buddy, who will meet you at the airport and help you through the first few weeks.

HOUSING

Our CBS Housing department assists international students in finding housing. Housing options include student dorms and private housing.
