

Graduate courses available to exchange students – Spring 2020

CBS CORE PROGRAM COURSES – SPRING 2020

Graduate exchange students have the great opportunity of enrolling in these CBS core program courses. Note that the number of seats in these courses are limited. Furthermore, there might be a risk of schedule overlap if mixing because scheduling for core courses and electives are administered by different secretariats with no need for coordination since CBS program students are not doing electives when they are in their core courses.

Core program courses are not open to undergraduate exchange students as a bachelor's degree is required for taking these courses.
