Participants at CBS Career Fair spring 2016

"CBS Career Fair is an excellent opportunity to meet future talented candidates."

Christian Flygenring
Country Project Manager University Relations, CSC

"CBS Career Fair is a great place to present your company to students, who might be your next employee. We not only see it as a good opportunity for us to meet students, but also a good opportunity for the students to meet us on a "low key" level, as they are able to ask us anything when meeting us at the fair. See you next year!"

Sofie Sandager
Junior Project Manager, Kunde & Co

"It is always a pleasure to meet the students in their own environment and to engage with them in a relaxed and informal setting."

Mona Hald
Recruitment Consultant, Nestlé

"Vi er glade for at få muligheden for at møde vores fremtidige kolleger samt at vise og fortælle mere om vores kultur og dynamiske hverdag i SKAT. Vi ansætter også nyuddannede, derfor har det været yderst relevant for os at være med på CBS Career Fair og spotte de gode talenter."

Sofie Emilie Hjortskov
Employer Branding, SKAT

"The CBS Career Fair is one of our favorite fairs because the students come prepared and with curious minds to the stands. Fairs like CBS Career Fair make it possible for Novo Nordisk to tell students much more about our graduate programmes, internships, open positions and other offerings for students. Great place to meet talented students!"

Caroline Bloch Poulsen-Hansen
Global Talent Attraction, Novo Nordisk
