

# Application form - CBS Entrepreneurship Platform

Please read the short paragraph in the individual boxes to make sure you meet all the criteria. Please make the entrepreneurship angle explicit in the project title and throughout the application. Upon termination, initiatives supported by the Entrepreneurship Platform are required to submit a short report documenting project activities and deliverables. When relevant, i.e. in relation to a workshop, conference, and fieldwork, we ask you to submit 5-10 high-resolution pictures documenting your activities. The report may be published in the Entrepreneurship Platform's newsletter. You will be notified if so.

NB when you see there is a risk of delay and, therefore, that the deadline specified in your comment (section D of the form) will not be met, the grant holder must reapply for extension. If, without approval from the Platform, the project is delayed beyond the date specified in section D, the grant can be withdrawn.

The application should be *no more* than 5 pages.
