Research Interest

Techno-economic energy researcher focusing on sector coupling and renewable hydrogen, energy infrastructure development, energy market design, and energy system analysis.

Education

- | | |
|-----------|--|
| 2018-2023 | PhD project, Technische Universität Berlin
Title: "Energy Transition and Sector Coupling: The Impact of Renewable Hydrogen on Energy Infrastructures and Business Models" |
| 2016-2018 | Master of Science, Technische Universität Berlin
Industrial Engineering – Energy and Resource Management |
| 2012-2016 | Bachelor of Science, Technische Universität Berlin
Industrial Engineering – Mechanical Engineering |
| 2012-2016 | Pontificia Universidad Católica de Chile, Santiago de Chile
Student Exchange |

Work Experience

- | | |
|-----------|---|
| 2018-2023 | Research Assistant, Technische Universität Berlin
Chair of Energy and Resource Management
Analysis of the infrastructures of electricity, gas, and heat, energy business models |
| 2018 | Intern, Transaction Advisory Services at EY |
| 2013-2018 | Student Assistant, Technische Universität Berlin
Chair of Energy and Resource Management and administrative support of study programs |
